

DOCKET NO. SC12885TP

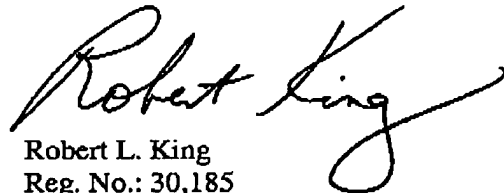

REMARKS

In an Office Action mailed December 2, 2004, pending claims 1-25 were made the subject of an election. Two patentably distinct inventions were stated to exist and a restriction under 35 U.S.C. 121 was required. Election between claims 1-12 of Group I and claims 13-25 of Group II was required. In response Applicants are electing claims 13-25 of the identified invention of Group II. In order to expedite the examination process, Applicants are herein canceling non-elected claims 1-12 and reserve the right to file a subsequent divisional application.

No change in the identified inventorship is required as a result of this election. Amendment to the specification is herein requested to conform the title to the elected claims.

Applicants respectfully request entry of the amendments and the allowance of the elected claims 13-25, thereby placing the application in condition for allowance. Should issues remain that might be subject to resolution through a telephonic interview, the Examiner is requested to telephone the undersigned at (512) 996-6839.

Respectfully submitted,

Robert L. King
